

Cali Quilter

Round Robin Border 1 by CaliQuilter

Materials:

Two pieces of background fabric, 8" X 9 ½"

Scraps of fabric for the leaves and flowers

Embroidery Thread

Two strips of fabric 1 ½ X 9 ½ for outer borders

Instructions:

Use templates to cut out 6 large circles, 6 medium circles, 6 small circles and 12 leaves.
Use a contrasting color embroidery thread to stem stitch a small circle to a medium circle.
Stem stitch that medium circle to a large circle. Repeat making six flowers. Put a photocopy of the pattern under your background fabric to help determine placement of the flowers and leaves. Stem stitch the flowers and leaves to the backgrounds.
{hint: Use a product like AppliGlue or a small piece of Heat'n'Bond on the backs of the flowers and leaves to keep them in place while you sew them on.}

Square up the backgrounds to 6" wide and 9 ½" tall. Sew border strips to the left side of border #1 and to the right side of border #2 to the right side of the center block.
Post your photo on our Flickr page so we can admire your work!
